SILICONE 100

This natural silicone pole elastic lubricant has been specifically developed to ensure super smooth delivery of elastic. Available in 100ml pump action bottle and 30ml squeeze bottle. The Genuine Article.

R2738	100ml
R2739	30ml

QUICK CHANGE ELASTIC TENSION SYSTEM

With the increased amount of match carp fishing, the ability to change the tension of elastic quickly, depending on the size of fish being caught, is a big advantage. The Deluxe System Bung is designed to provide this option and offers the ultimate in quality and convenience.

R5120	Bung Extractor Rod
R5121	Bung Kit 2nd/3rd Section
R5122	Bung Kit 3rd Section
R5123	Tension Kit 2nd/3rd Section
R5124	Tension Kit 3rd Section
R5125	Bung 2nd/3rd Section
R5126	Bung 3rd Section
R5127	Tension Bung 2nd/3rd Section
R5128	Tension Bung 3rd Section

SYSTEM POLE BUNGS

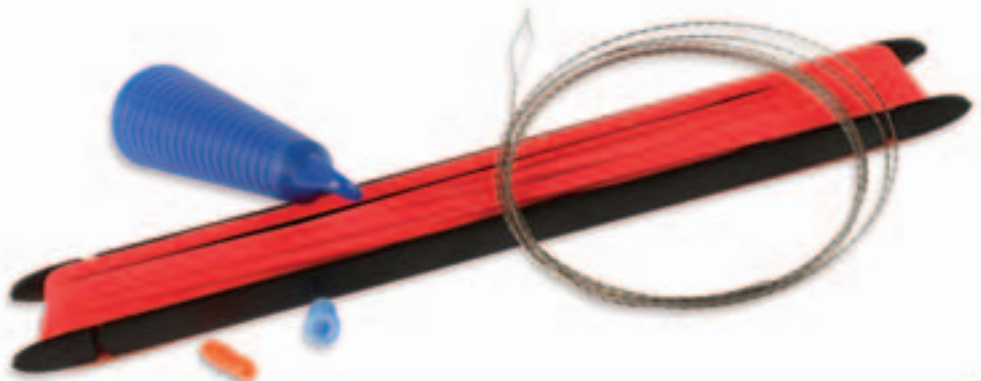

The ultimate pole bungs. The two sizes cover all elastic options from ultra fine Number 1 elastic through the top section, to Number 20 through power top three kits. A bayonet style locking mechanism on the extraction rod allows the bung to be removed easily and eliminates the problem of nylon tags hindering the location of sections when shipping up. The patented device on the Deluxe Bung allows elastic to be tensioned quickly and efficiently making them ideal for carp fishing where you can start with a soft tension and increase it if you're bagging!

POLE ELASTIC KITS

Complete kit for elasticating poles in four sizes. Each kit contains the correct size pole bung, external bush, elastic connector, high visibility elastic and diamond eye threader.

Available in 4 sizes.

R9020	Light No4
R9019	Med No6
R2702	Carp No10
R2703	Mega Carp No14

POLE ELASTIC

Fox Match pole elastic is manufactured from 100% natural latex which gives it a better balance over a wider temperature range, a high rate of stretch and a faster recovery rate. This makes playing fish quicker and smoother. Coded in bright fluorescent colours for high visibility in all conditions and self-lubricating due to internal silicone treatment. Supplied in super value twin packs that includes 6 metres.

R7400	No.1
R7401	No.2

R7408	No.12
R7409	No.14
R7410	No.16

FLURO CARP POLE ELASTIC

Fox Match Fluro Carp Elastic has a hollow inner core and is manufactured from 100% natural latex. The special production process and natural materials used in the construction create an extremely high stretch ratio. Due to its soft nature, Fox Match Fluro Carp Elastic can be used with lower diameter lines than the equivalent strength standard elastic, making it ideal for mixed fisheries. Fluro Carp Elastic has power in abundance ensuring that even the largest fish are beaten with ease. Available in sizes 6-8, 10-12 and 14-18.

FLUORESCENT	NOMINAL DIA.	STRETCH RATIO
BLUE	1.8mm	6+
ORANGE	2.1mm	10+
RED	2.4mm	14+
YELLOW	2.5mm	16+
PURPLE	2.8mm	20+

R5688	Blue Size 6+
R5689	Orange Size 8+
R5690	Red Size 10+
MAC063	Yellow 12+
MAC064	Purple 14+

'All measurements are approximate and shown only as a guide, variation can occur during manufacturing'

POLE BUSHES

EXTERNAL BUSHES

Self-lubricating coloured PTFE turned bushes available in eight sizes. Supplied in super value twin packs that include 2 bushes.

INTERNAL BUSHES

Made from top grade PTFE and designed for internal fitting. Available in five sizes, including three new extra large models for bigger grades of elastic. Supplied in super value twin packs that include 2 bushes.

POLE ANCHORS

Flexible, translucent anchors featuring a 'U' shaped hook in one end and hoop in the other. Loops on pole rigs can be passed over the hook and secured to winders to prevent unravelling and tangles in transit.

R7458 Assorted Lengths

KNOT PICKER

Small stainless steel needle for picking knots. Features soft touch rubber handle and plastic cover.

MAC008 Knot Picker

POLE SHOCK SAVERS

Designed with a unique bullet shape, the Pole Shock Savers protect the end of your pole whilst it's being shipped, especially on hard ground. The unique shape also helps to guide the pole through hedges. Manufactured from high quality EVA and designed with a slight taper that allows you to gently push the Pole Shock Saver into the end of the pole avoiding damage. Available in sizes 35mm, 38mm, 40mm, 44mm, 46mm, 48mm, 52mm to cover all pole diameters.

R5257	35MM Blk/Blue/Yel	R5261	46MM Blk/Blue/Yel

R5259	40MM Blk/Blue/Yel	R5263	52MM Blk/Blue/Yel
R5260	44MM Blk/Blue/Yel		

ELASTIC CONNECTORS

Five elastic connectors designed to cover every size of elastic from No1 to Number 20.

Two new larger sizes for 2006, XL and XXL, will accommodate the popular hollow core elastic as well as solid elastic up to number 20.

A number of fluorescent colours are available.

Two per pack.

POLE ELASTIC THREADER

Extra long, stainless steel threader designed specifically for power top two kits. Elastic attaches without the need for knotting: simply pass it through the diamond eye before pulling upwards to secure it in place. A 'must have' item for anyone elasticating a new or used pole.

R7455 Pole Elastic Threader

KWIK CHANGE OLIVETTES

Precision turned high density alloy in a special teardrop streamlined shape. Supplied with 2 pieces of silicone tubing to hold the olivette in place eliminating the need for locking shot. Available in 16 sizes ranging from 0.1gm to 3gm.

Five in a pack.
