SERIES 2 CARP MATCH HOOKS

Based on the phenomenally successful Fox Carp Series 2 specimen hook, but in smaller eyed and spade end sizes. These new patterns are for presenting smaller match-orientated baits like pellets, paste, meat, corn and worms. They have ultra sharp, in-turned points to maximise hooking effectiveness and are made from high carbon steel wire, which is lightweight but incredibly strong. Sizes (both spade end and eyed, barbed and barbless).

Codes: R5397 - R5401

Series 2B Eyed

Codes: R5402 - R5406

Series 2B Spade End

SERIES 2 CARP MATCH EXTRA STRONG HOOKS

New 'Seriously Tough' Series 2 wide-gape hook. The extra strength is particularly good for specialist and carp fishing. Great bagging carp hook. Ultra sharp high carbon steel, with inturned point maximises hooking effectiveness.

Codes: MHK073 - MHK079

MP1 & MP1B HOOKS

Fine carbon wire, long shank, special square bend pole hooks available in both splinter barb and barbless patterns. These are the match angler's number one choice for fine line rigs when using small baits like squatts, pinkies, bread punch, bloodworm and joker. Sizes (both barbed and barbless): 22, 24, 26

Codes: R5673 - R5675	MP-1B
Codes: R5676 - R5678	MP-1

SERIES 3 FINE CARBON MATCH HOOKS

A wide-gape all-round multi-purpose pattern, especially good for maggot, pinkie, hemp and worm fishing. A strong, sharp fine wire hook, will suit many fishing and bait situations. Particularly good for pole or waggler fishing.

Codes: MHK052-057	Series 3 Fine Carbon Match
-------------------	----------------------------

SERIES 4 SPECIALIST MATCH HOOKS

Long shank, super sharp high-carbon hook, ideal for light presentation of all types of baits, especially good for bread punch, pinkie, maggot and hemp fishing.

Codes: MHK046-051	Series 4 Specialist Match
-------------------	---------------------------

SERIES 5 SUPER EYED MATCH HOOKS

Super sharp high carbon, wide gape maggot hook, also excellent for worm, corn, bread, meat fishing. A complete all-round hook with superb hooking power, perfect for pole and waggler fishing.

Codes: MHK041-045	Series 5 Super Eyed Carbon
-------------------	----------------------------

SERIES 6 CARP FEEDER HOOKS

Super strong, sharp high carbon all-round feeder hook, A forged pattern with slightly off-set point for first-time hooking. Excellent for all types of carp and big fish baits such as worm, corn, bread, pellet, meat etc.

Codes: MHK035-039	Series 6 Carp Feeder Spade Hook
-------------------	---------------------------------

SERIES 7 CARBON CARP HOOKS

Superbly sharp high-carbon hook, forged for strength. A true all-rounder, particularly good for commercial carp and big fish waters. An excellent light and strong pole-rig hook. Perfect for all types of bait i.e. corn, pellet, meat, maggot etc.

Codes: MHK030-034	Series 7 Carbon Carp

ACCESSORIES

Hooks and Magnetic Hook Boxes

MAGNETIC HOOK BOXES

A compact storage system designed to keep hooks organised and easily accessible. The magnetic base prevent hooks from blunting in transit and a rubber seal prevents moisture ingress. Each box comes complete with a selector stick allowing a single hook to be removed quickly. Available in three sizes and five different colours, which may vary.

A tapered point at one end of the stick allows a single hook to be separated.

One hook can be removed with the small magnet on the end of the 'selector stick'.

An integrated rubber seal protects the contents of the box from moisture ingress.

A secure, push lock mechanism stops the box from opening in transit.
