POLE WINDERS

Unique pole winders which will accommodate a single rig. Winders fit securely in Fox Match trays thanks to a groove at either end and soft inlays minimise the wear on line. Four sizes are available, ranging from 140mm to 250, all come in packs of four.

R5932	4x 140mm Red Winders
R5933	4x 160mm Purple Winders
R5841	4x 180mm Black Winders
R5842	4x 180mm Orange Winders
R5934	4x 250mm Yellow Winders

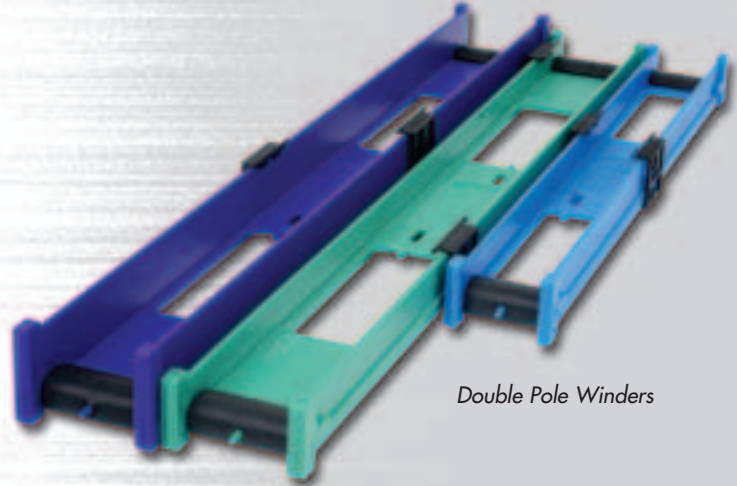

Pole Winders

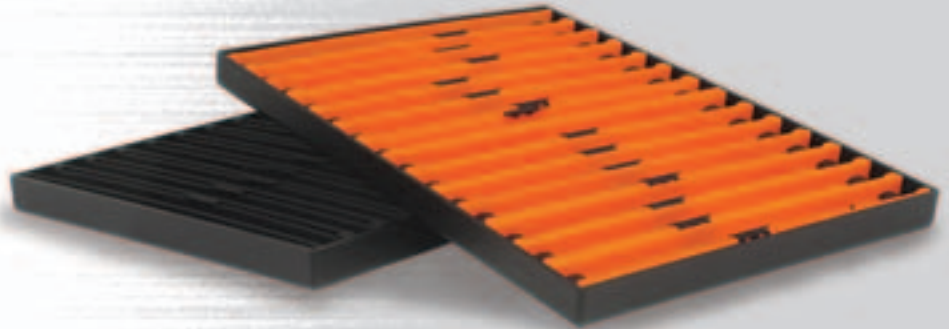

DOUBLE POLE WINDERS

Fox Match Double Winders have been designed to accommodate two pole rigs on one winder. Two sliding, adjustable, tensioner slides allow slack in the stored rigs to be taken up. Soft touch inlays at the top of each winder protects low diameter lines. Three sizes are available: 180mm, 250mm and an extra wide 250mm version.

MAC005	180mm Double
MAC006	250mm Double
MAC007	250mm Double Extra Wide

Double Pole Winders

Pole Winder Trays

POLE WINDER TRAYS

Winder trays are designed to perfectly fit drawers and the areas under seats in all Fox Match Seat Boxes. Each tray accommodates either 14 x 180mm or 8 x 250mm pole winders and the latter are held in place by special locating teeth. Trays are supplied in single or double units, with or without winders. The trays are also supplied with a template for use when positioning them in the spaces under seats, combined with double-sided Velcro fixing tabs to anchor them securely.

MB5835	2x Trays - Black Winders	£10.99
MB5836	1x Tray - Black Winders	£6.99
MB5837	2x Trays - Orange Winders	£10.99
MB5838	1x Tray - Orange Winders	£6.99
MB5839	2x Trays Without Winders	£5.25
MB5840	1x Tray Without Winders	£3.25

ACCESSORIES

Bait Droppers, Conical Pole Pots and Universal Cupping Kit

BAIT DROPPERS

Revolutionary new bait dropper system featuring interchangeable weights and stems. Two different length stems allow bait to be released up to six inches from bottom so loose feed is spread further downstream. Supplied with a .75oz, 1oz and 1.5oz - the heavier weights are perfect for deeper water or silt. Weighted doors ensure they open

every time and a special soft touch hook attachment stops damage to fine lines and small hooks. Available in three sizes: Small, Medium and Large.

MAC087	Small	£5.99
MAC088	Medium	£6.49
MAC087	Large	£6.99

Above: Each Bait Dropper comes complete with 2 stems and a total of 3 different weights.

**NEW
FOR 2007**

CONICAL CARBON POLE POTS

These are the ultimate pole pots manufactured from a high quality carbon with a Kevlar weave to produce an ultra light but strong pot.

Available singularly in:

50ml • 100ml • 150ml • 250ml.

R5360	50ml
R5208	100ml
R5209	150ml
R5210	250ml

Conical Carbon Pole Pot

UNIVERSAL CUPPING KIT

The Universal Cupping Kit is made from two put-over sections and comes complete with an adaptor that Fox Conical Pole Pots screw directly into.

RD5832	Power Top/Cupping Kit -2.6m	£24.99
--------	-----------------------------	--------

1

A screw thread allows the pots to be detached when not in use.

2

The pots have a series of 5mm holes in the lid allowing bait to be peppered over a greater area.

“CUPPING POTS WITH FREE SPRINKLE TOPS!”

PEPPER POTS

Fox Match Pepper pots come complete with three pots, all different capacities: a small 100ml version, mid size 150ml and large 200ml version. Each pot has a perforated lid, helping prevent spillage of feed when shipping and allowing bait to be 'peppered' across an area, instead of dumped in one pile. Lids are removable, so the Pepper Pots can be used like a 'traditional' pole cup. Comes complete with screw thread adaptor allowing pots to be switched quickly whilst fishing and transported separately.

All lids can be removed allowing the pepper pots to be used like a standard pole pot.

MAC011 Set of 3 Pepper Pots £7.50

ACCESSORIES

Toss-Pots and Sprinkle Pots

TOSS-POTS® 16MM/24MM

Toss-Pots are unique in their design, having different sized tapered grooves moulded in the base. To fit, you choose the correct groove size for the pole tip you are using and simply slide it into place. A special taper locks the pot firmly to the tip preventing it 'turning' over during use. Designed with commercial fisheries in mind they are equally at home on canals and stillwaters where constant 'drip' feeding is being used. All pots have removable rims that help eliminate spillage. Available in three different sizes - Match, Mega and Power. Two different sized pots per pack.

R5254	Match Tip
R5255	Power Tip
R5256	Mega Tip

Toss Pot

Two different sized pots per pack.

“ When fishing commercials for carp, I load the Sprinkle Pot with dampened pellets, then introduce a small amount when I first ship out by tapping the pole. If I don't catch a fish straight away I can then re-feed, sometimes up to four or five times, without reloading the pot. Alternatively, if I hook a fish immediately after introducing the first lot of feed, I can re-feed before playing the fish. This ensures I keep any feeding fish in front of me rather than drifting off. ”

Mark Pollard

SPRINKLE POTS

Sprinkle Pots have the same capacity as the Toss Pots, but come complete with two lids, each of which has different sized perforated holes, which offers a number of advantages over the original Toss Pots. Firstly, loose baits such as Casters, Pellets or maggots can't be scattered as easily during shipping. The second big benefit, is bait can be introduced gradually not all in one go, producing a different feeding pattern that makes fish actively search for bait. All lids can be removed allowing the Sprinkle Pots to be used like a traditional Toss Pot if required.

MAC002 Match Tip 2.8/3.4mm

MAC003 Power Tip 4.2/4.8mm

MAC004 Mega Tip 6.0/6.4mm

The lids on all Sprinkle Pots are removable allowing them to be used as a small open top pot.

Sprinkle Pot Features

1

All pots have two sizes of removable lids that help eliminate spillage. These can be removed completely if required.

2

Two different sized tapering grooves moulded into the base.

3

Holes are the perfect size for micro pellets, maggots and other inanimate offerings.
